

FRIDAY, JUNE 27, 1 A. M.

BARRAGE, JEFFERSON COUNTY.—There will be a barbecue to-day on the Lower Taylorville road, near Jefferson and 13 miles from Louisville.

FALIS CITY COUNCIL.—There will be a called meeting of Falis City Council to-morrow, Friday. A full attendance is desired. Matters of importance will be presented for consideration.

FOURTH WARD—ELECTION.—Nominees TAYLOR.—Do not forget that an election will be held in the Fourth ward to-morrow for school trustees. Dr. R. Somberg is the candidate.

The news by telegram from California indicates the state of alarm. The State is in a state of revolution which the legal authorities cannot suppress.

The telegraph line was down east of Cincinnati last night.

The ordinance to subscribe for six hundred and fifty thousand dollars in the Water Company was passed unanimously last evening by both boards of the General Council and after the usual publication for six days, will be submitted to the vote of the citizens. We do not doubt that the ordinance will be approved by the people as the opinion is nearly unanimous that the city has not prospered and can not prosper without abundant water works. At another time we will have much to say upon this subject.

THE LADIES' Bazaar.—The fair at the Old Fellow's Hall has interest every evening. The ladies continually add new attractions. We trust they will be liberally encouraged. They are engaged in a noble cause.

STEAMER STONE.—The steamer Stone, bound for New York, to-morrow, June 28, will run in company with the steamer John Buck, for carefully allowing the passengers to land at the port of destination last week. The jury brought in a verdict of \$1000 in favor of the Captain.—Wheeler.

We are authorized to inform those individuals at a distance, who have desirous to know that Dr. Banning consented to remain here until next Monday night, for their benefit.

PHILADELPHIA.—Sent a delegation of her citizens one hundred strong, to New York, to welcome Mr. Fillmore here.

THE DUBOIS.—Dubois was reelected quarryman at the workhouse.

The mayor has issued a notice that all dogs running at large must be muzzled or incur the penalty of the ordinance.

The Washington correspondent of the Herald, writes that the nomination of Fremont does not meet with his entire approbation of the Republicans. All the old timers of the party—such for instance as Mr. Pennington, of New Jersey; Judge Pringle and Russell Sage, of New York; Whipple, of Illinois and many near all of the Pennsylvania delegation, oppose John McLean, of Ohio. But they will give a quasi support to Fremont, intimating at the same time, however, that he cannot be elected.

HIGH SCHOOL.—The examination of the City Female High School took place yesterday. We regretted our inability to be present, but trust that the young ladies showed talents and a proficiency in their studies equal to those of the best schools in the country. The exercises were highly interesting, and the singing was charming.

The examination of the Male High School commences at 8 o'clock this morning, and will be worth attending.

These schools have this advantage over other similar institutions, that the young ladies are taught science and a profession, and thus only the very best pupils from the city schools are selected. We understand that the faculties of the Medical and Law Institutes have agreed to admit these students from High School to their lectures gratis.

At 2 o'clock this evening the exhibition of the Philanthropic Society takes place at the University Club.

THE EXHIBITION.—The exhibition

of the Washington Society, the first day, was as follows: Latin Orations, by Haynes; The Future (original), by Gray; The American Flag (original), by Forrester; State Prize, by McConaughy; and the Address by Rev. L. J. Halsey. The ladies of the Female High School will be present on the occasion and perform several pieces of music.

We hope that no one will suppose, because Mr. Buchanan's farm is called Wheatland, that he is a wheat farmer. Such is not the case—No wheat.

We have no doubt that Mr. Buchanan can raise all kinds of wheat, but there is one thing that he can't raise.

Yesterday afternoon, an Ibrahim, while intoxicated, made an attempt to stab his knife on his wife. The screams of the woman attracted the neighbors, and he was arrested and lodged in jail.

We call attention to Mr. C. C. Spencer, furniture and real estate sales which take place this afternoon, at 2 o'clock, at his office, No. 520 Main street, and the 14th floor of the building.

THE PREMIUM SALE.—The premium sale of excise taxes on tobacco and other kinds, and most taxes on general use, will be suspended.

THE RAILROAD.—A railroad machine shop, with a locomotive, passenger, and freight cars, at Quincy, Ill., was destroyed by fire on Sunday. Loss \$10,000.

THE PREMIUM SALES at the pleasure of the State, at St. Louis, took place on Tuesday. The two premium bids, brought \$62 and \$60 per hundred, were won by purchased by Lewis & Bro., of Glasgow, Mo.

BILLING'S FIRE PROOF ROOM.—A roof of this kind has been put on the Lampton House, corner of Jefferson and Second streets, and from it we have heard of its success. It is great advantage over other kinds, and most taxes on general use. It is fire-proof, not injured by the temperature of the weather or water, and very cheap. Messrs. Harper & Fitzpatrick, of this city, have the exclusive right for the manufacture and sale of these roofs in this State.

THE RAILROAD AND MANUFACTURERS.—The trial for the premium of the Southern Agricultural and Mechanical Association came off to-day in the court of Dr. Kellar, near the fair-ground. There were but two entries, viz: Manly's and the Kentucky Harvester, of Miller Wingate & Company, both containing machines and both entered for all the premiums. The premium of the first machine was very gratifying, and on many points there seemed quite a difficulty in deciding between the two machines. Notwithstanding the hot weather, the judges attentively watched the performance of the machines during the contest. The numerous spectators were convinced that not but a first rate machine should enter the lists.

FOR Ringers.—The trial for the premium of the second machine was suspended, and the judge adjourned to a future date.

GOING TO CINCINNATI.—Catherina Frech, James Bryant, and Charles Genet, peace warrant.
